RETURN FROM SYNOD

REV. AND MRS. W. E. EDMONDS
ARRIVE FROM SAN FRANCISCO
SUNDAY NIGHT

Rev. and Mrs. W. E. Edmonds pleasantly surprised their friends and church members by returning to Glendale Sunday evening a little sooner than expected.

Mr. Edmonds reports a very successful synod, one of the best ever held by the churches of California and Nevada. It took place in San Francisco and the next one will be a midsummer session which will be held in Santa Barbara.

Mr. Edmonds states that the synod went on record almost unanimously as favoring the League of Nations. All through the synod the spirit of loyalty to the nation and the President was manifested all through the sessions and every reference to the President won applause. This, in part, was due, Mr. Edmonds thinks, to the fact that he is an elder in the Presbyterian Church.

Following the synod Mr. and Mrs. Edmonds spent some time in the bay cities visiting Berkeley friends, the university, etc. The thing which greatly impressed them was the effect on San Francisco of war-time prohibition. That city has in the past felt a certain pride in its reputation for being the wickedest city in the United States and has declared that its prosperity would be completely wrecked were prohibition ever to become effective. As the pastor and his wife went about however and saw the many evidences of business activity with hundreds of former saloons closed and the buildings undergoing alterations for the use of other businesses, they rejoiced in such a demonstration of the falsity of the claims which have always been made by the liquor interests. A great deal of building is going on there, but the congestion of population is as great as here, Mr. Edmonds says, and houses are just as scarce.

Mr. Edmonds is convinced that the Senate will pass the war-time prohibition bill over the President's veto as the advantages of banishing liquor are too apparent for the country to ever again put itself under the domination of the evil traffic.

Mr. and Mrs. Edmonds went and came by boat and had delightful journeys. While they greatly enjoyed their stay in the north, as usual they are glad to get back to Glendale.

POTATO GROWERS

WILL VISIT McSWEENEY RANCH
NEAR ALHAMBRA, RADCLIFFS AT BURBANK

The second annual potato growers observation trip under the auspices of the Los Angeles County Farm Bureau will be held Nov. 3rd. It will convene at the ranch of E. D. McSweeney on the El Monte road at 10 a. m., this ranch lies just east of the limits of South Alhambra. An unusual array of talent will be present on this trip from all parts of the state. Prof. S. S. Rogers of the Division of Olericulture of the State University will be here and will discuss potato culture in Southern California. H. A. Hyde, potato seed grower of Watsonville, will also be present and will bring a series of charts and pictures with him. George Peters of Bakersfield, one of the largest potato growers of Kern county, will also be in attendance. Aside from this it is expected that there will be considerable talent from Southern California, including D. G. Milbraith, an authority on diseases of potatoes who is working at the government laboratories at Alhambra; D. B. Mackie of the State Dept. of Agriculture who has done some work on the fumigation of potatoes for tuber moth, and H. J. Ryan, County Horticultural Commissioner. It is felt that this is an unusual opportunity for potato growers to take advantage of getting ideas on potato culture from some of the best informed men of the state and it is hoped that a large number will take advantage of this meeting.

One or two other potato fields besides Mr. McSweeney's will be gone over to show the advantage of using selected seed and also the difference between the use of cold storage seed and seed from the spring crop. From El Monte the conference will go to Burbank to the place of J. D. Radcliff, south and east of Burbank on the San Fernando Road. The members of the Burbank center will convene at Mr. Radcliff's place at 1:30 and continue with the potato growers for the rest of the trip through the San Fernando valley. Two or three places in the vicinity of Van Nuys will also be visited.

GREET NEW PASTOR

CENTRAL METHODIST CHURCH
GIVES RECEPTION TO REV.
AND MRS. J. MARION SMITH

A reception to the new pastor of the Central Avenue Methodist Church, Rev. J. Marion Smith, and Mrs. Smith, was tendered there Monday evening in the social hall of the church and drew a large attendance of members and friends. Mrs. H. Pentecost, Mrs. Valeria Kopp, Mrs. H. H. Tisdale and Mrs. Sarah Doughty, all members of the Ladies' Aid, were the committee of arrangements and provided delicious refreshments of sandwiches, coffee, apples, etc., which were served at the close of the evening. Charles Muhleman was chairman of the reception committee and supported the pastor and his wife in receiving the greetings of guests. Samuel Brown, Sunday School Superintendent, presided at the brief program which included an address of welcome by Rev. Henry Goodsell, a response by the pastor, and a greeting by Rev. O. P. Rider, pastor of the Tropic Presbyterian Church, who dwelt on the cordial relations which have always existed between the two churches and his desire to have them continue and to personally lend any help he can to the young pastor who has just come into the community.

Dr. Joseph Marple sang in solo "Kathleen Mavourneen" and "Such a Dear Little Girl," and Miss Emily Kopp sang "Just a Wearyin' for You" by Carrie Jacobs Bond.

It was voted an exceedingly pleasant affair which will help to bind in close social relations the pastor and his people.

YEOMEN FROLIC

ENTERTAIN SIXTY-FIVE CHILDREN WITH HALLOWEEN DANCE MONDAY NIGHT

The children's party given Monday evening by the Yeomen was a tremendous success and enjoyed by about sixty-five children who had full possession of the floor in the lodge hall on San Fernando Road and frolicked until ten o'clock, after which the adults were allowed to dance.

The hall was very pretty in a Halloween setting, the walls lined with cornstalks and hung with pumpkin lanterns. A program opened the evening in which there were recitations by Helen and Sadie Ake and others, piano solos by Audrey Haynes and Gladys Martin and violin solos by Herbert Bruck accompanied upon the piano by Dorothy Danner.

Some of the children and adults came masked, others dressed as usual. Fine dance music was furnished by local talent, Marie Lacrotte and Dorothy Danner taking turns at the piano, Regina Bacon and Herbert Bruck alternating as violinists, Bob Danner and Jimmy Hamilton relieving each other at the drum, while Ed Moniot helped out with his banjo.

At the proper time Halloween refreshment of apples and popcorn balls were served. Once a year the Yeomen give a children's festival and this, like all its predecessors, was immensely enjoyed by both parents and offspring.

JAPANESE EVENING

Mr. and Mrs. Blake Franklin, of 398 West Wilson avenue, entertained last Friday night with a Japanese evening and card party in honor of Mrs. Harry Franklin. The Japanese idea was carried out in the place cards, decorations and refreshments. The list of card players included Reginald Chapell, Mrs. L. P. Abell, Mr. and Mrs. C. M. Van Dyke, Mrs. Mabel Franklin Ocker, the host and hostess and their son, Donald.

Mrs. Harry Franklin is about to return to her home in Ardmore, Oklahoma. She and her husband came to Glendale about the middle of July and he returned in September. She is very much in love with California and is for that reason reluctant to go. She and her husband expect eventually to come here to live.

ELKS TRAVEL

Glendale Elks had a short session in their lodge hall Monday night and then officials, drill team and orchestra went to San Bernardino to put on initiation work for the lodge there. They were royally entertained and did not get back to Glendale until the wee small hours.

Wednesday night the Fillmore section of the lodge is giving an entertainment in Fillmore which will be largely attended by Glendale members.

WAR-TIME PROHIBITION BAN

WHITE HOUSE REPORTS INDICATE PRESIDENT WILL NOT
LIFT IT UNLESS PEACE TREATY IS RATIFIED

(Special Service to Glendale Evening News)

WASHINGTON, October 28.—It was learned at the White House this morning that the president does not plan to lift the war-time prohibition ban unless peace is ratified, but that he may lift it then.

PLOT TO KIDNAP FORD'S SON

PRIVATE DETECTIVE GIVES INFORMATION WHICH THE
TOLEDO POLICE ARE INVESTIGATING

(Special Service to Glendale Evening News)

TOLEDO, October 28.—Lloyd Gray, a private detective, reported to the police today that he had frustrated a plot to kidnap Edsel Ford, son of Henry Ford, and hold him for a \$200,000 ransom. He said that four men including Joseph Fisher of San Francisco were involved. The police are investigating the story.

LAKE MICHIGAN STEAMER SWAMPED

SIXTY MILE GALE DASHES VESSEL AGAINST MUSKOGON
PIER—SEVEN KNOWN DEAD

(Special Service to Glendale Evening News)

MUSKOGON, Mich., October 28.—Seven persons are known to be dead and eight others are unaccounted for as a result of the lake steamer, City of Muskegon, being blown into a pier at 4:30 a. m. Seven bodies have been recovered.

The vessel was attempting to enter port between two piers each extending a mile into the lake. A sixty mile gale was blowing. A great wave crashed the ship against one of the piers and the passengers, rushing to the deck, were showered with splinters of falling timbers. While the crew was attempting to land the passengers on the pier another wave struck the vessel, swamping her. She sank in ten minutes. It is feared that several bodies went down with the ship.

NO ACTION BY SENATE ON PROHIBITION

HITCHCOCK URGES CONTINUATION OF PEACE TREATY
DEBATE—OTHERS APPROVE PRESIDENT'S ACTION

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 28.—Senator Sterling of South Dakota today attempted to force a vote on the over-riding of the President's veto of the prohibition bill in the Senate, but encountered opposition. The bill would become a law immediately if the Senate followed yesterday's action of the House in over-riding the veto. Senator Hitchcock objected to considering prohibition, urging a continuance of the peace treaty debate. Senators Underwood and Thomas declared the President had acted rightly in vetoing the bill and charged that the authors of war-time prohibition had broken faith. The matter was then laid aside while the Senate received King Albert.

CONGRESS RECEIVES ROYALTY

KING ALBERT ADDRESSES HOUSE AND SENATE EXPRESSING
FRIENDSHIP FOR UNITED STATES

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 28.—For the first time in history the U. S. Senate and House received the ruling monarch and consort of a foreign nation when the King and Queen of Belgium visited Congress.

King Albert in addressing the Senate expressed a desire for friendship between Belgium and the United States and heartily thanked the United States for its aid to Belgium. In addressing the House the King recalled that many of the provisions of the Belgian constitution are based on the American constitution. In both addresses he heartily praised the American army and navy and Herbert Hoover.

The King and Queen and party visited the White House this morning and chatted for twenty minutes with Mrs. Wilson and with Miss Margaret Wilson, but did not see the President. Later Miss Margaret Wilson called on the King and Queen and then the members of the Cabinet and their wives called.

INTERNATIONAL LABOR CONFERENCE

NETHERLANDS DELEGATE SAYS HOLLAND MAY GRANT
THE EXTRADITION OF THE KAISER

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 28.—J. C. Zanthienen, secretary of the Netherlands Delegation to the International Labor Conference, today intimated that Holland may grant the extradition of the Kaiser. He pointed out that no formal demand had yet been made and that Holland had proposed to accept the dictates of the League of Nations.

The German and Austrian delegates to the conference are expected to arrive the first of next week. While they have no standing as the conference is constituted at present under the League of Nations, it is expected that neutral delegates will attempt to have them seated.

Because the United States has not yet ratified the peace treaty, the American delegates are also without a voice in the conference.

FIND RELATIVES

MESDAMES R. W. MEEKER AND
SARAH DOUGHTY LEARN
THEY ARE COUSINS.

Mrs. Ralph Meeker was hostess last week at a small reunion of relatives. The occasion was the arrival of her cousin, Mrs. I. B. Hardy, of Santa Barbara, who drove down as the guest of Mr. and Mrs. Darby of that city. When Mr. Darby was introduced Mr. Meeker discovered in him an old schoolmate whom he had known in San Diego. Another guest entertained by Mrs. Meeker was her cousin, Mrs. Sarah Doughty, of Garfield avenue, this city, and in that connection is an odd example of discovered relationship. Mrs. Doughty has been a resident of this city for eight years and Mrs. Meeker for a longer time. They did not know each other or have knowledge of their kinship but in some manner Mrs. Doughty got trace of Mrs. Hardy, wrote her, and learned of the unknown cousin living in her own city. The fact that neither lady was bearing her maiden name accounted for their having lost track of each other. Since the tie between them was made known they have become great friends.

SUNDAY SCHOOL PARTY

Last Friday night the Senior Classes of the Tropic Presbyterian Sunday School entertained the Junior Classes with a little Halloween party. It was the result of a little contest between them as to who would bring in the most articles for a missionary box to be sent to a school in New Mexico. Seven hundred articles were brought during the months of August and September. About eighty were present at the party in spite of the fact that it was a stormy night and they all had a good time playing games, singing, etc. Halloween refreshments were served and Halloween featured the decorations.

Y. P. B. PARTY

ENJOY HALLOWEEN GAMES AND
A TRUE GHOST STORY AT
WRIGHT HOME

The Young People's Branch of the W. C. T. U. enjoyed a treat Monday evening when it was entertained at the home of Misses Irene and Alice Wright at 1000 South Glendale avenue. The house was profusely decorated with jack-o-lanterns, black cats, witches and broomsticks, and other symbols of Halloween and Halloween refreshments were served at the close of the evening. After a short business session and a lesson on the evil effects of tobacco, the evening was surrendered to social enjoyment. Miss Hazel Walters assisted in directing Halloween games as did also Miss Estelle Jones, a former resident of Glendale but now living in Pasadena, who was a house guest in the Wright home. Besides the games a real thrill was furnished by Mrs. Wright, mother of the young hostesses, who told a really truly ghost story with an appropriate setting in which the lights were all turned low. The incident was one which happened to the grand-parents of Mrs. Wright and at the proper point in the story two youthful figures appeared in ghostly garb furnishing the last touch of realism to this narrative.

THREE BIRTHDAYS CELEBRATED

Mr. and Mrs. George E. Adams of 350 Ivy were host and hostess at a Sunday dinner and celebration of the birthdays of three members of the family. Thirteen were invited to the reunion but one was necessarily detained, a son of the host and hostess, who is the assistant of Railroad General Director Hines. His wife and children were present, however. The Adams home had been beautifully decorated with cosmos and dahlias.

DEATH OF THOMAS SEAGER

Thomas Seager of 1215 North Central, passed away Monday morning at 1:20 a. m., aged 74 years. Deceased had been ill for many months and his death was not unexpected. He had lived at 1215 North Central for ten years. He leaves a wife, Margaret C. Seager, as well as a host of friends in Glendale. He was a member of the Pro-Cathedral Episcopal Church of Los Angeles. Funeral services will be held from the parlors of the Jewel City Undertaking Company on Wednesday, at 2:30 p. m. Interment at Forest Lawn Cemetery. Rev. Gilmore of Los Angeles will have charge of the services.

ROOSEVELT PROGRAM

IMPRESSIVE EXERCISES COMMEMORATE GREAT CITIZEN
AT INTERMEDIATE

At the Intermediate School Monday afternoon an interesting program was enjoyed in observance of the birthday of Theodore Roosevelt. It followed the business session of the regular assembly at which Robert Frazee presided and at which various matters connected with the games were discussed.

At the memorial program Mr. White gave an excellent talk in which he showed that Roosevelt's fame did not rest alone upon the fact that he had been President of the United States but upon what he was as a man and what he had done for his country as a citizen. In other words, Roosevelt was a great man whose greatness was dominated by his patriotism, and his service as President was only an incidental part of it. A solo by Mr. Ross, teacher of agriculture, followed. He sang Roosevelt's favorite hymn, "How Firm a Foundation." Miss Sharpe furnishing the piano accompaniment.

The beautiful tribute to Roosevelt by Hermann Hagadorn, Jr., who has written a biography of Roosevelt, dedicated to the Boy Scouts of America, was read by Thomas Wood in Boy Scout costume.

Erma Lucas played the Roosevelt March. Then the children stood at attention while the flag was brought in. Mr. White talked about the flag and the children responded with quotations they had learned. The "Star Spangled Banner" was sung and the salute to the flag given.

Miss Noble, vice-principal, reported that the contributions of the school to the Memorial Fund totaled \$25.

BIG INDUSTRY FOR GLENDALE

For a number of weeks Roy L. Kent, chairman of the Greater Glendale Development Association, Kent, chairman of the Glendale Greater Development Association, has been taking the lead in bringing to Glendale a mammoth moving picture plant in which will operate the biggest and best aggregation of moving picture producers on this coast. The total floor space of studios will be about nine acres, and the entire plant is to cover from 13 to 15 acres.

The culmination of this great project will take place at the auditorium of the High School this evening at eight o'clock when a mass meeting will be held at which will appear numerous citizens as real boosters for the new enterprise.

Upon the location of this plant in Glendale there will be an immediate need of hundreds of homes and the increased business resulting from this new industry will be shared by every man in Glendale.

If you are interested in having Glendale advertised wherever moving pictures are shown be present tonight and bring your friends with you.

BENEFICIAL CO-OPERATION

The world does move notwithstanding there are many things in it that are not according to our notion. What kind of a world would we have anyway if every individual could have everything just as he would like to have it? To get the very best results in the final summing up time it is necessary for a spirit of co-operation to exist among the citizens of a community.

CALIFORNIA BOOSTER

KIRK GETS HIS BOOST "SPREAD ON MINUTES" AT PHILADELPHIA OFFICE

In a late issue of "Provident Notes," published semi-monthly at Philadelphia by the Provident Life & Trust Company, California and Glendale come in for some free publicity all on account of our fellow townsman, Wm. B. Kirk, who recently won a trip to the home office in appreciation of the volume of business done during the first six months of this year. The paper makes a feature of publishing sketches and portraits of their "leaders" in the various agencies and Mr. Kirk's physiognomy appears prominently in this section. The sketch says Mr. Kirk lives at Glendale, a thriving city of 13,000, eight miles north of Los Angeles, and that he is an "ardent booster for California." "Our readers will have guessed that," the sketch goes on to say, "but a Californian feels that he is not a 'person of like careful habits' until his boost is spread on the minutes."

GLENDALE, CALIFORNIA, TUESDAY, OCTOBER 28, 1919

UNIVERSITY OF CALIFORNIA APPARENTLY SECOND LARGEST UNIVERSITY IN UNITED STATES

Comparative registration statistics for certain American State Universities issued today by Recorder James Sutton, of the University of California, would seem to indicate that the University of California is the second largest institution of its kind in the United States. Although no data has been received from Columbia University, it is expected that the registration at the New York institution will exceed that at the University of California. The comparative statistics apply to academic departments only. Although all of the Universities from which information has been received show enormous increases, the total figures available at the present time would indicate that none of these would be a serious contender with the University of California for second place on the list. All enrollment statistics so far gathered by Recorder Sutton indicate that the recent heavy enrollment at the State University was not out of proportion with the influx of students as experienced by other large universities and colleges.

LOS ANGELES COUNTY RANKS FIRST IN STATE

Los Angeles county is classified as first in the state by the controller's department with reference to the value of real estate. The value is placed at \$518,622,565, with San Francisco county in second place with property value of \$297,741,765. Alpine is ranked the lowest, being in fifty-eighth place. Its realty valuation is \$468,547. The realty value of the whole state is \$1,973,857,724.

Besides leading in realty values, Los Angeles county is placed first in the value of improvements on real estate, \$201,622,565 being the estimated value. San Francisco is second with improvements worth \$184,755,611. The value of personal property in Los Angeles county is \$151,147,562. Of money and solvent credits, the state controller gives Los Angeles county credit for \$21,081,931. The value of non-operative property is \$892,295,923. The value of property assessed on the operative roll is \$117,377,030. The total value of property in the county as assessed by the auditors is \$1,000,672,953. The value of railroads in the county as assessed by the state board of equalization is \$20,308,171. The grand total of all property in the county is \$1,029,981,124. The funded debt of the county is \$3,000,000.

The value of improvements on realty in the state is \$794,626,946, while the value of personal property is placed at \$540,845,758, money and solvent credits at \$48,466,663, value of non-operative property at \$3,357,797,091, value of property assessed on operative roll, \$484,292,790, total value of property as returned by auditors, \$3,842,089,881.

To be sure, "every little bit helps," but when newspaper headlines interpret foodstuff prices as being on the "toboggan" because there is a 2 per cent reduction in some commodity, people may perhaps be justified in recalling what a Chinese said when he first saw a toboggan in action. "Whiz!" he shouted gleefully, and then laconically and reflectively added, "Walk a mile."—C. S. Monitor.

SHIRTS

ANNOUNCEMENTS

CHARGE FOR ANNOUNCEMENTS

The Glendale Evening News will charge for all announcements ordered published in its columns. Notices of clubs, schools, churches, society committees and business concerns will be comprised in the class of pay announcements.

The charge will be 50 cents minimum for eight lines, heading counted as two lines, six words to the line. Additional lines, five cents per line, all payable in advance when organization seeking publicity has not arranged for monthly settlement of accounts.

There will be an informal reception in honor of Rev. and Mrs. W. E. Edmonds at the Presbyterian Church immediately following Prayer Meeting tomorrow evening. Members and friends of the congregation take notice and come. Everyone cordially invited. The Westminster Guild Girls have charge of the evening.

PROBLEMS OF CHILD TRAINING

All who are interested in the problems of child-training are cordially invited to attend a Mothers' Reading Circle at the home of Mrs. Hartley Shaw, 212 W. Park Ave., Wednesday, Oct. 29th, at 11 a. m. Bring lunch. Tea will be served.

\$1,000,000 INDUSTRY

Is Glendale on the Map? Are we in the progressive class or do we stand still? Do we want or shall we refuse to have a new industry investing \$1,000,000.00, 1200 employees and monthly expenditures, \$1,000,000.00? Be at the High School Tuesday evening, Oct. 28th. Be prepared to ask questions and voice your opinion. Greater Glendale Development Assn., Norton C. Wells, President; C. D. Lusby, Secretary; Roy L. Kent, Chairman Industrial Committee.

NEW GLENDALE TAXI STATION

The Glendale Taxi Service Company is now established in its new quarters at 114 South Brand and is ready to receive calls there. Its telephone number being Gl. 462. Seven automobiles are now being operated and three more are soon to be added that the public may have adequate service. The office is about opposite the point where north-bound P. E. cars stop and a comfortable waiting room is provided for the use of patrons. Parcels may be checked at the office for 10c each.

G. M. Harrison, of Long Beach, is visiting her father-in-law, W. H. Harrison, of 208 East Cypress avenue.

Dr. and Mrs. Colin Cable entertained at dinner Sunday evening Miss Dickessen and Miss Natalie Dickessen of West Forty-First Place.

The property at 410 Vine street, where Mrs. Minnette Sherman has been living, has been purchased by Henry L. Miller.

Property owned by A. Liverman on Vine street has just been sold to a Mr. and Mrs. Love. The Livermans are building a new home on Lexington Drive.

Verne Freeman, who was one of several Glendale boys sent to service in Siberia, has returned, and is now in his old home in an apartment over Hendricks' store.

Mrs. Ernest Harwood, wife of the principal of the Cerritos Avenue School, is still substituting in the fifth grade of the Central Avenue School.

Mrs. Charles H. Sanders of North Brand is making a very successful recovery from a minor operation which she recently underwent at Burbank Hospital.

Mrs. E. B. Moore, of South Maryland avenue, was the guest on Sunday of Rev. and Mrs. Baker, of Van Nuys. Mr. Baker is pastor of the Baptist Church there. Mrs. Eustace sang in the choir Sunday evening.

Miss Maybelle Douglas, who has been teaching in the Cerritos Avenue School, has resigned to accept a position in the Los Angeles Schools where her sister is teaching. She will keep her residence here for the present.

Dr. Jessie A. Russell attended the San Bernardino District Congress of Mothers'-Parent-Teacher Association at Redlands on Saturday, October 25th, as speaker. The Mayor of Redlands and Superintendent of Schools also gave addresses during the session.

Mrs. J. J. Davis, who has been residing at 800 South Maryland, has just returned from San Francisco, where she has been visiting her sister for the past month. Her home has just been sold to Mr. and Mrs. Trull and she and her husband are moving to North Louise street.

The Milford Street Card Club was entertained Monday afternoon by Mrs. Fletcher at the corner of Columbus and Milford. There are 12 ladies in this club which is a neighborhood affair and very informal. Mrs. Rathbun won the first prize, the booby trophy going to Mrs. E. L. Young.

A tag sale is in progress in the southern part of the city to secure funds for the purchase of a victrola for the Cerritos Avenue School. Two victrolas with which the school was previously equipped have been stolen. This third one will be bolted to the floor and marked in such a manner that it can be positively identified.

PAST MASTERS' NIGHT

Unity Lodge, No. 368, F. and A. M., will confer the Third Degree, Tuesday evening, Oct. 28th, at 7:30 p. m., Masonic Temple, 232 S. Brand Blvd. All Masons cordially invited.

A. W. TOWER, Sec.

HAVE WE LEARNED TO GIVE?

Dollar a year men were not widely known before the war, although there may have been instances of record of volunteering time and labor for the sake of a good cause. During the war the sacrifice became almost common-place though none the less commendable. Even now not much comment will be roused by announcement that Mr. McAdoo, who recently left the cabinet because the salary was insufficient, has offered to defend the government in suits affecting the operation of the farm loan act. He will accept no remuneration except the minimum hundred cents, taking satisfaction in being able to give all to a plan in which he has ever shown keen interest.

It has been frequently observed that the war developed greatly the generous side of the American nature. Men and women gave as never before. The record of achievement in subscription to welfare activities was without parallel. From the early days when the plea was a "sack of flour for Belgium," there was rivalry in giving.

There will be cause for gratification if we do not permit this spirit to be eclipsed. That men continue to make sacrifices for the public service will be convincing evidence of our national generosity. Americans have pretty nearly dissipated the idea that Americans worship the dollar. We can afford to admit such an idolatry if our search for gold is inspired by the desire to use it for the general good.—Exchange.

Many will agree with the critic who comments on the unwisdom of publishers in telling the public, in the descriptive words of the advertising man, just how an author struggles at his task of authorship. It is about 1900 years since Quintilian said critically that "the perfection of art is to conceal art," and later ages have not disproved the acumen of the saying. If one took the publicity man seriously, for example, there would be far less pleasure in reading a book for the knowledge that the author "probably uses more lead pencils than any other writer in America," and that "every phrase—almost every word—is pondered before it is permitted to pass." But the publishers seem to think that pertinacity in using up lead pencils makes their author more popular.—C. S. Monitor.

Telephone Glendale 70

Miss Leah P. Fisher of Boulder, Colorado, is visiting her niece, Mrs. Don C. Lindley, of 362 W. Lomita, for the winter.

Nelson A. Frazar, who has been carrying on a toy factory in a small way as a side issue while filling a position in Los Angeles, has developed the enterprise to a point where he feels justified in surrendering his position and giving his whole time to his factory, especially in view of the holiday trade in sight and short stocks of toys in all parts of the United States.

Mrs. Sarah Eagan, of Hollywood, who lost a much-cherished cameo pin, the gift of her daughter, put a small adv. in the Evening News on Monday afternoon and the pin was returned to her that evening. The pin was found by a young boy who refused to take any reward.

Mrs. Leon Sonntag of South Glendale avenue had the pleasure of entertaining for a day two old friends, Miss Dorothea Sass of Omaha, Nebraska, and Miss Esther Anderson of Jamestown, New York. The ladies spent last Friday with her. They had stopped for a short time in Los Angeles on their way to Northern California.

The delegation of forty or more Elks who went to San Bernardino Monday night to assist in putting on initiatory work for the lodge there, struck a sand storm about midway which was some storm. Clouds of sand rolled up so thick and black that machines had to be stopped in some instances because it was impossible to see the road or anything to indicate the route. It was a hard journey.

Mr. and Mrs. B. F. Fellows and son, Levi Fellows, arrived Saturday night from Byers, Colorado, to spend the winter in Glendale. They are guests in the home of their daughter and son-in-law, Mr. and Mrs. Earl Calkins, of North Everett street. They were former residents of Glendale and own the property occupied by Mr. and Mrs. Calkins. At present they are improving ranch property in Colorado, a project in which they are tremendously interested, but they are glad to return to Glendale for their winters.

BIRTHDAY DINNER

Mrs. Merritt Brown of 235 North Jackson street entertained with a dinner Monday evening in celebration of her husband's birthday. Covers were laid for Mr. and Mrs. Frank Brown, parents of the honoree, for his brother Roland Brown, who has just returned from Reedley, California, Mrs. Grose, Miss Irene Mauk, Misses Ernestine and Cecilia Lyons and their brother, Charles Lyons. A birthday cake with a suitable number of candles illuminating it was a feature of the feast, a very pleasant social evening followed the dinner. In honor of the occasion the hostess had beautifully decorated her home in the Hallowe'en colors.

FARRELLS CHANGE RESIDENCE

Mr. and Mrs. James Farrell have been drawn into the puss in the corner game which seems to be involving all realty in Glendale. Last Friday they sold their pleasant home at 1223 East Broadway, furnished, to Mr. and Mrs. George C. James, who have been residents of this city for about a year. The Farrells meantime have purchased property at 400 Patterson avenue, which corners on Columbus, consisting of a five-room house and a very large lot, 99 by 167 feet, which will afford ample room for two more houses if they choose to build them. They are very much pleased with their new location and Mr. and Mrs. James are equally pleased with their purchase, so everyone is happy.

WHERE IS THAT PERFECT LAND?

Californians who recall a certain "spell of weather" in January, 1914, which all but ruined a citrus fruit crop and did not a little damage to trees, will read with interest the report from Brazil, of a frost which destroyed two-thirds of the coffee-producing trees, and reduced an expected crop of 15,000,000 bags to about 3,000,000 bags for the present year. All of which probably means that coffee will be very much higher, for it had already been tremendously boosted in price by the government of Brazil, and with production reduced 80 per cent, coffee seems likely to do its part in keeping the high cost of breakfast at its present standard, or higher. Of course, not all of the world's coffee comes from Brazil, but according to statistics available as this is written, probably 75 per cent of the entire American coffee supply in 1918 came from Brazil.

The damage to the crop now reported merely goes to attest the fact that no country and no climate seems to be immune from such freaks of storm and weather.

The man who wants to earn bread in the sweat of his face will eat regularly. It is the fellow who is waiting for a job under a ceiling fan that may find the price and frequency of strawberry shortcake a little discouraging.

WEATHER FORECAST: Fair to night and Wednesday. Light frost probable in interior points.

Santa Ana celebrated her fiftieth anniversary the other day. We didn't know ladies ever told their ages when they were still that young.

Thoughtful People are Building Their Homes

In these days when it is so difficult to rent houses, and old and undesirable property is selling at exorbitant prices many people are realizing that the only satisfactory way to secure a home is to build it.

Building materials are high and labor is expensive, but building prices are not out of proportion with the cost of other things. Furthermore there is no immediate prospect that these things will be lower and thoughtful people who hesitate to put their money into real estate that is not entirely satisfactory and desirable, and yet must have a place to live, are figuring that it is cheaper to build.

The joy of a new home, the satisfaction in having a house arranged just as you want it, the certainty that repairs and changes will not be needed at once all give a feeling of satisfaction that will counterbalance any small difference in the cost.

WE BUILD HOMES

and we put ourselves heart and soul into every home we build. They mean more to us than so many "contracts." We get a vision of the completed work. We see it not only as a building perfect in all details but as a home, occupied by a family. This viewpoint coupled with our long experience in this kind of work enables us to BUILD HOMES rather than ERECT HOUSES.

This is the Reason so many Bentley-Built Homes are adding to the Natural Beauty of Glendale

CHURCH INSURES ITS CON- GREGATION

CHARLESTON, S. C., Oct. 28.—
A practical plan to persuade mem-
bers to attend church services and
support church work has been found
here in the insurance plan put into
operation by Rev. A. E. Cornish, rec-
tor of St. John's Episcopal Mission.

In the two months the plan,
whereby the church insured its mem-
bership of the church has increased
to such an extent that plans are on
foot to raise a \$50,000 fund for
building a larger church.

Early last summer Rev. Cornish
found the members falling into apathy.
Attendance was falling off and the
vestry was becoming alarmed at
what seemed to be a sure slow death
for the parish. The pastor hit upon
the idea that to induce members to
take an interest in the church he
would have to give them something
to do.

Calling his leading members into
council with him, he laid before them
the plan to tax each working man
and woman in the parish one day's
wages a month. All others should
pay \$1.00 a month each, it was de-
cided. With this fund he proposed
to pay benefits to the sick, the poor
and needy and to relatives of mem-
bers who died.

The scheme was declared work-
able and put into operation. During
the first month 54 members sub-
scribed. In the second month the
subscriptions had mounted enor-
mously until now Rev. Cornish de-
clares interest in church work and
social service are at the highest
point.

Members over 70 years old get
pensions of \$2.00 a week. Those ill
receive \$5.00 a week. Relatives of
dead members are given \$100.00
each.

Interest is such that now Rev.
Cornish has undertaken to obtain
the church building fund by selling
1000 \$50.00 bonds payable in cash
or in installments. Other plans in-
cluding a nursery have been pro-
posed by women members.

The Anaheim Herald tells of a
movie ship wreck down near Balboa
that was the real thing before it was
finished. An old steamer had been
chartered for a ship wreck scene, and
without intending to, the old tub hit
a sand bar and went to pieces, and
the movie crew acted ship-wrecked
with more naturalness than they had
manifested for years. It took lively
scurrying to get them to land before
a few of them went to visit Davy
Jones.

THIRTY-FOUR NATIONS AT WO- MEN'S CONFERENCE

(By United Press)
WASHINGTON, Oct. 28.—Wages,
the 8-hour day and betterment of
working conditions are the principal
subjects scheduled for discussion at
the world conference of womenwork-
ers which opened here today under
the formal title of the First Interna-
tional Congress of Working Women.
Women workers of 34 countries
were invited to send delegates. De-
legates from nearly all countries now
are here overflowing hotels and pri-
vate homes in which many are
guests. Others will arrive before the
week ends, officials said.

Among the countries whose wo-
men workers sent delegates are
Great Britain, Canada, France, Bel-
gium, Italy, Switzerland, Poland,
Czecho-Slovakia, Argentina and Uru-
guay. Each was entitled to 10 dele-
gates and no limit was put on the
number of secretaries and assistants.
Nearly 500 delegates and assis-
tants will register before the congress
closes, it is predicted.

Among the delegates representing
the United States is Mrs. Raymond
Robins of Chicago, president of the
National Women's Trade Union
League of America, which called the
congress to meet in conjunction with
the International Labor conference
scheduled to open tomorrow.

All subjects to be put before the
International Labor Conference will
also be introduced in the women's
congress, according to Mrs. Robins.
Arrangements for the women's
congress were made by the Interna-
tional committee of the National Wo-
men's Trade Union League which
committee includes Mrs. Robins,
Miss Mary Anderson, director of the
woman's bureau of the U. S. Labor
Department, Miss Agnes Nestor of
Chicago, Miss Rose Schneidermann of
New York and Miss Julia O'Connor,
head of the women's section of the
National Electrical Workers' Union.

TRYING TO HOLD ADVANTAGE OF DAYLIGHT SAVING

Despite the fact that congress has
repealed the daylight-saving law and
that it has passed out of existence,
actual daylight saving by means of
turned ahead clocks will remain in a
good many localities.

In New York City there is an or-
ganized effort to pass a daylight
saving ordinance which would be ef-
fective from the last Sunday in April
to the last Sunday in September. The
State of Georgia has passed a uni-
form time law which went into effect
the first of September and which
places the whole state under normal
eastern time. There are similar ef-
forts being made in other parts of
the country to hold on to the ad-
vantages of the daylight saving sys-
tem.

Such efforts are inevitable. A
great many individuals as well as
whole communities found the high
percentage of daylight in the waking

The Laundry Queen

In these days of short cuts to labor no woman can
afford to do her laundry the old back-breaking way
by rubbing the soiled garments on a washboard or
turning a hand-power washer. An electric wash-
er is an economy—a necessity for the woman who
does her own laundry work.

THE GRINNELL LAUNDRY QUEEN is a super-
ior washer in every way. The tub sets upon a light
but substantial iron frame, the machinery is simple
and cannot come in contact with the clothes, and the
reversible wringer, with safety device that can be
changed from one side of the tub to the other in a
twinkling is a feature that every woman will appre-
ciate.

Long Beach citizens, according to
the Telegram, are still wrought up
over dogs chasing and killing the
squirrels in the parks there. Why
not try the scheme that Bailey of
Britt, Iowa, tried on his neighbor's
chickens when they came over and
scratched up his garden? He printed
some tags, tied them to strings and
tied each string to a grain of corn.
The chickens came over the next day,
swallowed the corn, and each ran
home gagging and with a tag hang-
ing out of its beak, bearing the in-
scription, "Keep your d---n chickens
at home." The chickens never came
back. Long Beach might substitute
chunks of meat for the grains of
corn.

The Daughters of the American
Revolution are demanding the use of
the English language only in the
public schools of the country. They
are promptly in the field of the thor-
ough Americanization of the growing
generation. If other patriotic Amer-
icans follow their lead there will be
no further foreign colonization going
on in the United States under our
very noses, unchecked and unprovoked.
Its dangers have been too danger-
ously proved in the period of the war.

From the way reports are coming
in from Russia bolshevism seems
about ready to call for the cold towel
and the pitcher of ice water.
